

■ POWER NEBULA (SI5_6-0.5)

- Long life CREE Power LEDs
- Quick to install, compact design
- Waterproof to IP68
- Rocker switch available
- Creates a safer environment

POWER NEBULA (SI5_6-0.5)

- **Increased product life** – the combination of using high quality materials and electronics in the manufacture of this light significantly increases the life of the light to over 60,000 hours.
- **Easy installation** – set in a low profile tough aluminium housing the Power Nebula is quick and easy to install making it suitable for both new vehicle specifications and retro fitting into existing vehicles.
- **A safer working environment** - the Power Nebula utilises 6 x 0.5W Power LEDs to create a clean bright, energy efficient light source which can be fitted into a wide range of applications.
- **Tough aluminium housing** - the extruded profile provides rigidity and strength but keeps weight to a minimum, and the anodised finish protects against corrosion.
- **Waterproof to IP68** - the PCB, electronics and cable exits are all completely encapsulated with polyurethane protecting against moisture ingress.

SPECIFICATION

ALL DIMENSIONS HAVE A TOLERANCE OF +/- 1mm

POWER NEBULA
(SI5_6-0.5)

Model No		SI5_6-0.5	SI5_6-0.5/2
Supply Voltage	Vdc	12	24
Voltage Range	Vdc	10 to 15*	20 to 32*
Average Current	A	0.33	0.16
Total Lumen Output	Lm	> 180	> 180
Tube/Bulb/LEDs	W	6 x 0.5W	6 x 0.5W
Weight	Kg	0.22	0.22
Temp. Range	°C	-30 to +40	-30 to +40

* Optimum performance achieved at 12V or 24V

E & OE
